

5600

With its clear dynamic proportions and refined details, the megaSun 5600 offers everything you can expect from a top class device – great variety at a competitive price. The front panel with its dynamic LED mounts in four season colour play is both stimulating and fascinating and fits perfectly into any salon environment.

More than just a beautiful design! The design promises a smooth transition from the outside to the inside. A sweeping line flows over the ceiling panels and connects the interface between user and solarium. First class tanning with plenty of space for a feeling of freedom!
